If any agency finds any discrepancy in allotment, capacity fixation or any violation of the policy, they will bring these facts to the notice of the Commissioner, Food, Civil Supplies & Consumer Affairs, Punjab for necessary action and his decision in this regard will be final.

B. The rice mills which have completed 70% or more milling of paddy stocks of Kharif 2011-12 are to be considered as eligible for allotment of paddy during Kharif marketing season 2012-13. But the millers who are yet to clear the entire milling (i.e. their milling is more than 70% but less than 100%) shall submit post dated cheques of 31-12-2012 for the balance quantity to the concerned agency.

C. All such millers who have failed to deliver CMR less than 70% of KMS 2011-12 by 31-08-2012 shall not be given any paddy for milling in KMS 2012-13. However, in case of those millers who have deposited the money against balance rice stocks of the year KMS 2011-12, would be considered for allotment only after the Government has made inquiries into the justifications/ reasons for non-delivery of CMR 2011-12 by the stipulated date.

D. All the allotments of rice mills would be completed before 29.9.2012. After this date, the allotment cases will be sent to Commissioner, Food, Civil Supplies & Consumer Affairs, Punjab for approval. Allotment once made, shall not be changed. Wherever any necessary change is required, it will be done at the level of Commissioner, Food, Civil Supplies & Consumer Affairs, Punjab.

E. If a defaulter mill clears the government/agencies’ dues of the previous year(s) including KMS 2009-10, 2010-11 and 2011-12 to the full satisfaction of the Government, as mentioned in clause 11(C) above, it can be considered as eligible for allotment from the date the dues, including those of quality cut and bardana are cleared.

F. The rice mills are to be allotted to all the State procuring agencies including FCI in proportion to the paddy to be procured by them. In case one agency completes its milling of paddy stored with a mill
and does not want to get any more paddy milled from it, then the same mill can be formally allotted to any other agency at the level of Commissioner, Food and Supplies, Punjab after assessing the factual position from the concerned agency.

G. All the district heads of procuring agencies including P.C.I. shall prepare an authenticated list of defaulter rice mills by 28.9.2012, giving the nature of default and submit the same to the concerned District Controller, Food, Civil Supplies & Consumer Affairs. The list will be consolidated by the concerned District Controller, Food, Civil Supplies & Consumer Affairs by including the defaulter mills of Pungrain and submitted to the concerned Deputy Director (Field) cum- Chairman of the allotment committee immediately. v. Signing of agreement and deposit of security etc. by the allotted millers by 30th September, 2012.

The Chairman of the Allotment Committee -cum- Deputy Director (Field) will pass a speaking order in respect of a defaulter rice mill, clearly stating the reasons for not allotting the mill at his level. Only thereafter such cases will be referred to Head Office for any further action in the matter. These speaking orders will be passed in respect of each list of allotment issued by the District Level Allotment Committee. A detailed list of such cases where the Allotment Committee has not made the allotment will be submitted to the Head Office by 01-10-2012. If the general/financial reputation of the rice miller is found to be not good, the Allotment Committee should not allot the mill for custom milling and pass a speaking order to that affect.

H. Single Mill/Single Agency - Each Rice Mill shall be allotted to a single agency.
No defaulter rice mill shall be considered for allotment/ provisional registration. The default may be on the following counts:-

a. If a rice mill has to deliver custom milled rice of any agency pertaining to the previous years including 2010-11.

b. Any rice miller who has not completed 70% custom milling of paddy allotted to him in KMS 2011-12 by any procuring agency, would be declared as ineligible for allotment for KMS 2012-13.

Besides, any family member of a defaulter rice miller, unless living separately, will also be treated as a defaulter. In such a case, proof of separate residence/separate family will be required to the effect that his project is not being financed/promoted by his defaulter family members/blood relations. The Commissioner, Food Civil Supplies & Consumer Affairs, Punjab will examine such cases and his decision in this regard will be final and binding on all concerned.

d. If the agency reports any case of misappropriation of paddy by a miller of the previous years.

e. If a police/court case/arbitration case is pending against the miller on account of embezzlement relating to custom milling or levy rice pertaining to any crop year. However, if the miller clears the default of the concerned agency along-with penal interest at the rates for the relevant year(s), as decided by the govt. from time to time, he may be considered for allotment without prejudice to the outcome of the FIR/Court Case/Arbitration Case pending against him.

f. Premises of a defaulter miller auctioned by a financial institution/commercial bank would not be considered for allotment during KMS 2012-13. But in cases where the buyer has no relation with the previous owner and the premises is purchased through public auction such case may be considered for allotment. However the decision of the

However, if the miller from whom any bonus amount is due, deposits the same with the respective District Manager, Pungrain he can be considered eligible for allotment.

In case of a lessee firm being allotted to an agency, it will be the duty of the concerned agency to fully satisfy itself about the bonafides of the lessee firm and it will also take care of stocks stored in such mills.

The authenticity of documents and identity of owners/partners/Directors, including photographs, PAN number etc. should be verified by the concerned agency before storing paddy in all mills.

The electricity connection shall be available in the rice mill on the date of the allotment without which no allotment shall be made.

Each allotted rice miller (whether owner or lessee) shall submit a bank guarantee as per his milling capacity as detailed in para 14(e) of the policy.

13. VOLUME OF WORK:

The Government/agency does not guarantee any definite volume of work relating to shelling of paddy at any time or throughout the period of contract. The mere mention of any type of work in this policy shall not by itself confer a right on the miller to demand that work relating to shelling of paddy at a particular centre/mandi should necessarily or exclusively be entrusted to him.

As paddy is to be allotted to the miller subject to its availability with the procuring agencies, the shortfall, if any, from the paddy allocation to be made without Cash Security would not be arranged from other districts and this portion shall be deemed to have lapsed and the miller shall have no claim against it.

c. The procuring agencies will distribute paddy to the allotted mills equitably on a weekly basis (7 days) from the date of procurement and the mills which are allotted at a later stage or refuse to store paddy of the agencies at any stage will have no claim with the agencies to get paddy on equitable basis with other rice mills. A quantity of 500 M.Ts for every one tonne capacity in the first round shall be allotted and the second round of allotment of paddy will start only when the first round has been completed and the mill has completed the mandatory requirement of purchase in its own account. The concerned agency shall ensure maintenance of proper record of storage of each round of paddy.

First cheque would be of the amount of 50% of the above rate and 2nd cheque of the paddy stored after 50%. Cheque would be got encashed after giving notice to the miller in case of shortage of paddy /rice.
ii) Henceforth, FCI will intimate the latest status about the vacant space to the concerned agency and the delivery of custom milled rice would be routed through the concerned agency. Quality of rice will be the responsibility of the rice millers.

iii) During KMS 2012-13, the millers are exempted from delivery of levy rice on their private purchase.

iv) The schedule of delivery of custom milled rice is revised as follows:

1. By 31st December, 2012  33%
2. By 15th February, 2013  66%
3. By 31st March, 2013  100%

As grave situations and unavoidable circumstances can sometimes hamper the milling pace, above mentioned time schedule will be extendable only upto 30.6.2013 during which no interest will be charged from the millers for delayed delivery of rice.

It is however, clarified that pace of milling would be monitored by the agencies as per the above schedule and shortfall, if any, will invite action which may tantamount to shifting of paddy to other mills at the risk and cost of the concerned rice miller if required.

v) No interest will be charged if delivery of CMR is made by 30-6-2013. However, interest @ 13% / RBI rates will be charged w.e.f. 1-4-2013 if the deliveries are made after 30-6-2013 provided space is not a constraint.

vi) Arrangements of crates will be made by the rice millers as per the provisions of the custom milling policy for KMS 2011-12.

vii) As Rs. 5.00 lac is being taken from the miller as security in lieu of 150 tonnes of paddy which was required to be purchased by the miller, the miller was, till now, permitted to mill paddy worth Rs. 5.00 lac. Milling beyond this was considered to be illegal conversion. But henceforth, miller will be permitted to convert any amount of paddy into rice provided he gives bank guarantee or pledges FDR of the matching value of paddy to the concerned agency and gets prior permission for the same.

viii) Any miller below the bench mark of 70% will be considered for allotment only after he completes 70% or above of custom milling or deposits 100% cost of balance paddy with the concerned agency. The cost of paddy will be determined by the concerned agency.
x) Any miller who is a defaulter for non-delivery / non-payment of levy rice/penalty for the years 2007-08, 2008-09 or 2009-10 or 2011-12 will be liable to give cheques (with one month validity) of the like amount for allotment of paddy during KMS 2012-13. In case of non-payment by the miller or non-refund by FCI within one month, cheques will be replaced by bank guarantees.

x) Instead of four original sets of agreements as laid down earlier in the policy, only one original agreement and three photocopies of the same which are duly attested by a notary may be taken.

xi) Rice millers may be allotted paddy without first asking for a file of documents from the previously regd. Mills provided they give an undertaking that there is no change in the constitution of the firm/company.

The documents regarding the purchase of this paddy will be submitted to the concerned DM who will verify the same and only thereafter the agency will store paddy.
in that rice mill. The miller will deliver advance rice to FCI/agency and then get release orders of the agency’s paddy from the competent authority. The resultant rice accrued from his own paddy will be sold by him in the market, only after delivery of 100% custom milled rice of the concerned agency/FCI.

3 It is however clarified that the above mentioned securities in the form of cheque or paddy are the securities against storage of agency’s paddy in the mill’s premises. That would mean depositing of Rs 5.00 lac draft with MD Pungrain as security for milling would be henceforth obligatory if some miller chooses the option of purchasing his own paddy in place of depositing cheque as stated above.

Subject: Acceptance of rice from defaulter rice mills-regarding.

Reference on the subject cited above.

2 As per the custom milling policy of the State Government, the work of custom milling is to be got done only from the clear rice mills. However, it has come to the notice of this department that FCI has been getting its paddy custom milled from the rice mills which have been declared defaulter by the State agencies without seeking any NOC from the State Government. This is against the policy of the State Government that no defaulter rice mill would be allowed to do the custom milling work of any State agency.

Therefore, you are requested to direct your Area Managers to seek necessary clearance from the concerned District Food & Supplies Controller before entering into an agreement with any rice miller for FCI milling.
